This department is under the direction of an excellent teacher of instrumental and vocal music. Special lessons in vocal culture are given.

A chorus class is taught once a week in which special attention is given to reading music, time, accent, and everything necessary to congregational singing.

In instrumental music, special attention is given to theory and harmony.

This department is open to both sexes.

ART DEPARTMENT.

The teacher in charge of this department has had the best advantages for study, and is prepared to do good

work. Students receive instruction in the principles of drawing from copies, objects and nature; crayon and charcoal studies; painting in oil, water colors and pastel.

THE PRIMARY DEPARTMENT.

This department is under the direction and supervision of the Faculty of the College, and is presided over by a teacher of experience and acknowledged ability and adaptness for instructing the younger students. Rare advantages are offered in our Primary Department.

PREPARATORY DEPARTMENT.

Students of this department are also under the direction and supervision of the Faculty of the College, and are instructed by the Faculty of the College.

MATRICULATION.

In order to beccme a member of the College, the student must call upon the President, enroll his name, and pledge conformity to the laws of the College, and make arrangements for the expenses of the term.

Students are received at any time, but we would emphasize the importance of entering at the beginning of the term. No deduction will be made for absence, unless it be for protracted sickness or other unavoidable circumstances.

GOVERNMENT.

An important part of education is self-government. The discipline of Weaverville College first proposes to the student self-government as the highest type of government, and seeks to surround him with a social atmosphere toned with purity, honor and piety. Hereto the Young People's Society of Christian Endeavor of the College is a valuable auxiliary. The deportment enjoined for maintaining membership and good standing in the College, is defined by the morality of the Bible, the proprieties of gentlemen, and the fitness of our positive rules.

Every student is required to be present at chapel service which consists of the reading of the scriptures, singing and prayer.

Want of moral character and reckless indifference to law and order, the use of ardent sprits, carrying pistols, card playing and gambling of any kind, profanity, lying,

fighting, or any other gross violation of order, will disqualify any one for membership in the Collage.

Every student is expected to assist in maintaining good order.

PUBLIC WORSHIP.

Public worship is held on Sunday, at which all students are required to attend. Students, with the advice or permission of their parents, and with the consent of the Faculty, may attend worship elsewhere. Every student is urged to attend Sunday school.

A Christian character is considered the great essential, and no pains will be spared to surround the students with such influences as may be necessary to restrain them from vice and encourage them in virtue.

EXAMINATIONS.

At the close of each term, examinations are conducted in writing, as a test of proficiency and advancement, and each student's grade is recorded. If a grade of seventy in one hundred is not reached, the subject must be reviewed. No one can graduate until this grade has been reached on all the studies in the course.

DEGREES.

The degree of Bachelor of Arts is conferred on those who complete, in a satisfactory manner, the studies of the entire Classical Course.

Graduates in the English Scientific Course, receive the degree of Bachelor of Science. Diploma fee, $5. All dues to the College must be satisfactorily settled.

The degree of Master of Arts is conferred on the graduates of three years' standing, who have sustained themselves honorably in scholarly pursuits, upon their application for the degree, accompanied by the usual dipoma fee, $5.

TERMS AND VACATIONS.

There are two terms in the year. The Fall Term begins on the second Thursday in September, and continues eighteen weeks. The Spring Term begins at the close of the first and continues eighteen weeks.

APPARATUS, LIBRARY AND MINERALS.

We will secure apparatus as soon as we are able. Our chemical apparatus is sufficient for our present purposes. A fee of $1.00 per term is charged for laboratory work.

We have some books as the beginning of a library. We hope to add to these from year to year. Any donations of books will be gratefully received.

A good nucleus for a cabinet of minerals has been collected. Additions will be made from time to time. Our friends will confer a favor on us by sending us specimens of minerals, fossils or woods.
